Laufenn

Journey in Style

M+S

When the blue that represents rational value and the red that represents emotional value meet, the violet of Laufenn is born. Laufenn provides transport professionals with both practical value and satisfaction.

Laufenn - exceptional 'on road' performance delivering transport partner value.

Laufenn provides the performance you need in all usage conditions, designed for transport professionals.

Laufenn offers a product for all professional transport partners

The Laufenn brand offers customers that are seeking value, quality and performance a wide range of quality products to meet a broad variety of driving conditions. No matter the season, no matter the road conditions, Laufenn will bring you reliably throughout your journey.

Manufactured by a premium TBR manufacturer

Laufenn tyres are designed by experienced engineers at state-of-the-art facilities in order to provide high tech products fitting to all the needs and expectations of demanding customers. The products are produced with the latest automated equipment at large scale ISO-certified plants, where quality is guaranteed.

Built with Quality and Reliability in mind

The Laufenn quality policy provides superior products and services to satisfy the needs of our customers all over the world. In this quickly changing world we offer you up-to-date products that target your day-to-day needs and help you to reach your destinations at ease.

The value choice for professional partners

Making sure that you can extract all of the value designed and manufactured into the tyre range. Laufenn tyres are designed to deliver maximum mileage performance, making them the right choice for the 'value' focused transport professional.

LF22

All-Position Tyre for Regional Haul Application

Durability

Traction

Braking

All-position regional tyre. Wide and solid shoulder design for excellent durability. Wavy grooves help increase traction in new and wearing tyre conditions, whilst the adoption of deep kerfs maintain the braking performance even through the latter phase of wear.

FEATURES

Tyre life is increased by a special compound technology and an extra wide and deep tread design. The heavy duty compound resists cuts and chips for an enhanced performance.

LF22

Speed Symbol : K / L / M

N.S.W : 295~385

Series : 65~80

Inch : 22.5

EU Label : C~D / B / W1

Premium Regional Tyre

Durability

Traction

Braking

Premium regional tyre developed for reliable control and extended tread life.

Zigzag Grooves

Zigzag grooves help increase traction in new and worn tyre conditions together.

Improved Shoulder Design

Improved shoulder design to prevent damage from chipping and tearing.

Deep Kerfs

Adoption of deep kerfs to maintain braking performance at the latter phase of wear.

Maximised Wear Resistance

Innovative mixing system for long mileage and fuel efficiency.

New Compound Technology

The new Innovative Mixing System (IMS) minimises disconnection of polymer chains and oxidation.

New Profile Design Technology

Flat carcass line keeps the uniform dispersion of internal force.
